PROFILE

Highly motivated Information Systems graduate (Upper Second Class – 2.1) from Midlands State University, with practical exposure to ICT operations, systems support, and business technology solutions. Strong interest in ICT infrastructure, data analytics, systems analysis, and digital transformation. Seeking an ICT Graduate Trainee role to apply technical knowledge, grow industry skills, and contribute to innovative technology driven environments.

Professional Experience

2025

–

2026

Sales & Digital Marketer | Vision Edge Technologies

- Drove lead generation initiatives by identifying and engaging prospective clients for ICT products and services.
- Executed targeted digital marketing campaigns to promote ICT hardware, software, and business solutions.
- Developed high-impact social media content across Facebook, LinkedIn, and WhatsApp to enhance brand visibility and customer engagement.
- Supported proposal development and product presentations, helping strengthen client acquisition efforts.
- Maintained and tracked sales leads to improve follow-up efficiency and conversion opportunities.

2024

–

2025

Sales Associate

ICT INTERN | Goldtouch ICT Solutions

- Delivered technical ICT support by diagnosing and resolving hardware, software, and system-related issues to ensure smooth business operations.
- Assisted in the installation, configuration, and maintenance of computer systems and ICT infrastructure to improve system reliability and performance.
- Provided user support and guidance on system usage, enhancing user efficiency and minimizing operational downtime.
- Supported network setup activities and contributed to the implementation of basic security measures to maintain stable and secure connectivity.
- Acquired practical experience in ICT operations, system workflows, and day-to-day technical support within a professional business environment.
