PERSONAL DETAILS

- Date of Birth: 03 March 2001
 - ID Number: 63-1654918-G-32
 - Gender: Female
 - Languages: English, Shona
 - Religion: Christian
 - Marital Status: Single
-

PROFESSIONAL SUMMARY

I'm a recent Telecommunications Engineering graduate from TelOne Centre for Learning (in partnership with NUST), with a real passion for improving connectivity in Zimbabwe. I've built a solid understanding of how communication networks work—from fibre and data networks to digital systems and security. I enjoy solving technical problems, learning new tools, and working with others to keep networks running smoothly. I'm now looking for a chance to grow in Telecommunications where I can learn even more and contribute to making reliable service available to more people.

CAREER OBJECTIVE

To secure a role as a Graduate Trainee in Network Engineering, where I can apply my knowledge and skills to drive networking excellence and make a positive impact in the world of technology.

KEY STRENGTHS

- Good communication skills in English and Shona
 - Able to work well in a team and also on my own
 - Quick to learn new things
 - Focused and careful with my work
 - Strong problem-solving and analytical thinking
 - Motivated and goal-driven
-

TECHNICAL SKILLS

- Networking: Basic understanding of IP Networking (TCP/IP, DNS, DHCP)
- Network Infrastructure: Exposure to fibre optic technology
- Network diagnostic tools

EDUCATION

Bachelor of Engineering (Hons) Degree in Telecommunications Engineering

TelOne Centre for Learning (Affiliated with NUST)

Degree Class: Distinction (2020– 2025)

Key Courses:

- Communication Networks
- Next Generation Networks
- Data Networks
- Digital and Analogue Communication
- Network Theory
- Digital Signal Processing
- Cryptology and Network Security
- Engineering Mathematics
- Software Engineering

.O'Level Mandedza High School (2014-2017)

- 9 O' levels passes including English Language and Mathematics

.A'Level Mandedza High School (2018-2019)

- 3 A' level passes in Pure Mathematics, Chemistry and Physics
-

PRACTICAL EXPERIENCE

Networking Intern – Fibrehood

Jan 2024 – June 2024

- Helped with the setup of fibre access networks in urban areas
 - Assisted with network troubleshooting and basic maintenance
 - Learned about how fibre connections are installed and managed
 - Gained experience in working with field teams and clients
-
