

Shafeeqah Mmadi

Graduate Software & IT Professional

Harare, Zimbabwe | 0640918839 | shafee.mmadi@gmail.com |
<http://linkedin.com/in/shafeeqah-mmadi-a96490345>

Professional Summary

Computer Science graduate with a solid foundation in software development, networking, and embedded systems. Experienced in hands-on IoT and web development projects, with strong problem-solving and optimization skills. Proven communication and leadership abilities developed through diverse work experiences. Passionate about leveraging technology to solve real-world problems and eager to contribute to impactful projects.

Education

Bachelor of Science in Computer Science | Eduvos

2023 – 2025

Relevant Coursework: Data Structures & Algorithms, Database Systems, Software Engineering, Computer Networks

Technical Skills

- Programming Languages: C#, Java, Python, JavaScript
- Web Development: HTML, CSS, JavaScript, React.js, Node.js (Responsive Design, Forms, DOM)
- Databases: MySQL, SQL, MongoDB
- Systems & Networking: Basic TCP/IP, Cisco Packet Tracer, VPN concepts, firewall fundamentals
- Embedded & IoT: Raspberry Pi, Arduino, sensor integration
- Operating Systems: Windows, Linux

Work Experience

Substitute Teacher | Roosevelt High School | Jan 2024 – Dec 2024

- Delivered lessons across various subjects, quickly adapting to different classroom environments
- Maintained student engagement and ensured continuity of learning
- Strengthened leadership, adaptability, and communication skills

Exam Invigilator | Roosevelt High School | June 2024

- Monitored examination sessions to ensure academic integrity
- Maintained order and efficiency during time-sensitive tasks
- Maintained confidentiality and accuracy in all administrative tasks

Event Waitress | The PlayGround | July 2024

- Delivered high-quality customer service in a fast-paced event setting
 - Improved multitasking, time management, and teamwork skills
-

Projects

Raspberry Pi-Based Smart Monitoring System

- Created an IoT system for tracking environmental data in real time
- Implemented data logging and a web-based dashboard for remote access

Arduino-Based Smart Home Automation System

- Designed and simulated circuits using Tinkercad before building a physical prototype
- Developed Arduino sketches to control system operations and interactions

Peer Tutor Connect Website

- Built a responsive front-end for a student mentorship platform during a hackathon using HTML, CSS, and JavaScript
- Collaborated with peers to enhance UI/UX and accessibility

Coding Club Website

- Contributed backend functionality during a hackathon
- Set up a MySQL database and implemented user registration and login systems

Extracurricular & Leadership Activities

- Director of Events, International Students Society (I.S.S)
 - Hackathon Participant: Front-end Developer (Peer Tutor Connect), Backend Developer (Coding Club Website), UI/UX designer & Full stack developer (EduVate)
 - Coding Club Member – Participated in weekly challenges and group projects
 - Volunteer Mentor – Assisted fellow students with programming and IT support
-

Certifications

- Full Stack Development – FNB App of the Year, 2025
 - AI Fluency Course – Microsoft, 2025
-

Achievements

- Golden Key International Honour Society – Invited Member
 - Top 3 hackathon winner for EduVate platform
-
