

YOLANDA E. MATENGAMBIRI

ARTIFICIAL INTELLIGENCE & MACHINE LEARNING

GRADUATE

yolandamatenga@gmail.com [+263 783455562](tel:+263783455562) Harare, Zimbabwe

SUMMARY

Highly motivated BSc (Hons) Artificial Intelligence & Machine Learning graduate from the University of Zimbabwe, with strong expertise in Python, SQL, machine learning, and data analytics. Skilled in developing AI-driven solutions that enhance operational efficiency and reduce costs by over 30% through effective data modeling and system design. Experienced in applying analytical methods to real-world business challenges, including market analysis, valuation modeling, and process automation. Adept at both independent problem-solving and collaborative teamwork on complex projects. Seeking to contribute technical expertise and innovative thinking as a Postgraduate Trainee in Data Analytics, IT, or Financial Computing.

WORK EXPERIENCE

April, 2021 – December, 2024

Property Negotiator & Data Analyst | Rawson Properties | Harare, Zimbabwe

- Generated qualified sales leads, supported client negotiations, and conducted property valuations to drive business growth.
- Analyzed real estate market data to optimize pricing strategies, improving client targeting accuracy by 20%.
- Designed and implemented data-driven process improvements, resolving software and data entry issues, which enhanced operational efficiency by 15%.
- Managed client records, sales documentation, and performance reporting, contributing to improved decision-making and business outcomes.
- Applied analytical methods and valuation models to support property assessments and provide actionable insights to senior management.

Business Analyst / Junior Consultant

- Performed quantitative and qualitative data analysis to support senior consultants in developing strategic recommendations for clients.
- Contributed to the development of detailed project plans and managed key workstreams for consulting engagements across multiple sectors.
- Prepared compelling client presentations and reports, translating complex data into actionable insights for decision-makers.
- Assisted in the implementation of recommended solutions, including process mapping and system integration support.

EDUCATION

BSc (Hons) Artificial Intelligence & Machine Learning

- University of Zimbabwe | Graduated 2025
- AI & Machine Learning:** Machine Learning & Neural Networks, Deep Learning, Natural Language Processing, Artificial Intelligence & Expert Systems
- Data & Analytics:** Big Data Technologies, Data Structures & Algorithms, Database Design & Development, Statistics for Computer Science
- Software & Systems:** Software Engineering, Object-Oriented Programming, Web & Mobile Development, Operating Systems & Computer Architecture, Data Communications & Computer Networks
- Additional Skills:** Research & Innovation, Game Development, Internet of Things (IoT), Student Development & Life Skills

SKILLS

Technical Skills

- **Programming & Development:** Python (Flask, Pandas, NumPy), Java, R, MATLAB, C++, HTML, CSS, JavaScript, PHP
- **Databases & Data Tools:** SQL, MySQL, SQL Server, Excel, Google Sheets
- **AI & Machine Learning:** Predictive Analytics, Data Modeling, Neural Networks, AI-Driven Solutions, Process Automation

Analytical & Business Skills

- Data-Driven Market & Valuation Analysis
- Process Improvement & Performance Optimization
- Client Relationship Management

Soft Skills

- Strong Analytical and Problem-Solving Abilities
- Effective Communication and Collaboration
- High Adaptability and Professionalism Under Pressure
- Independent Worker and Fast Learner
-

KEY ACADEMIC PROJECTS

AI-Powered Fleet Monitoring Platform | Python, Flask, React.js, SQL

- Designed a real-time vehicle monitoring system with predictive maintenance models.
- Reduced hardware costs by 32% by replacing traditional sensors with AI-driven analytics.
- Built an interactive dashboard for route optimization and driver performance analytics.

Stand Management Web Application | JavaScript, HTML, CSS, ASP.NET, SQL Server

- Developed a full-stack property sales and tracking system to reduce duplication and manual errors.
- Improved data accuracy and streamlined sales operations, cutting errors by 25%.
- Delivered reporting and record management features to enhance decision-making efficiency.

CERTIFICATIONS & TRAINING

- **Foundations of Data Science** – Analytics Vidhya | Jul 2025
- **Google Data Analytics Professional Certificate** – Coursera | In Progress
- **Introduction to Cybersecurity** – Cisco Networking Academy | Jun 2020

LANGUAGES

- English (Fluent)
- Shona (Fluent)

INTERESTS

- Reading & Research
- Volunteering & Community Engagement
- Outdoor Activities
